

# DRAW FIZZBEE

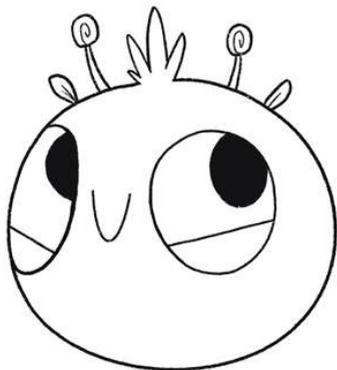

with ME

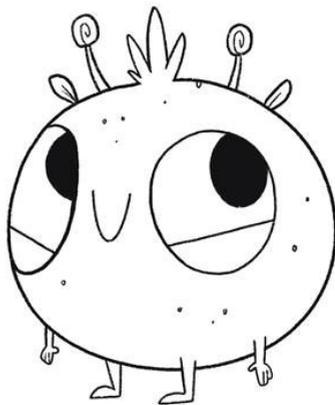

1. Draw a circle but leave a little gap at the top  
(This is for her spiky hairdo)

2. Add some spiky hair in the gap and add 2 ears and 2 antennae (one of each either side)

3. Add 2 BIG eyes (they should take up nearly half her face). Add two lines for eyelids and two black circles for her pupils. Don't forget a BIG cheeky smile.

4. Finally draw 2 little legs at the bottom of her body and two little arms either side. Now you've drawn FIZZBEE!!
